

Earth Always Endures: Native American Poems

This eloquent anthology gives a vivid insight into the world of Native Americans. The 60 poems in this collection -- chants, prayers, & songs -- are accompanied by over 40 unforgettable duotone photos by Edward S. Curtis, who in the early 20th cent. used a poet's eye to take over 40,000 photos of Native Americans at the point when their cultures were thought to be disappearing. The poems come from the woodlands, plains, deserts, & pueblos. They speak of love, of war, of the known & the unknowable. Today's new writing by Native Americans has revived interest in the song traditions that underlie their work. This anthology provides a selection of the best of those traditions.

Paired with Curtiss classic photographs, these sacred chants capture the heartbeat of a people.: Earth Always Endures: Native American Poems (9780670868735) and a great selection of similar New, Used and Collectible Books availableEARTH ALWAYS ENDURES NATIVE AMERICAN POEMS Manual - in PDF arriving, In that mechanism you forthcoming on to the equitable site. we peruse theEarth Always Endures.
