

The Magic Kingdom

-- Brimming with Elkins comic brilliance and singular wordplay, *The Magic Kingdom* tells the story of Eddy Bale, who, determined to learn from the ghastly experience of his sons long, drawn-out death, decides to raise enough money to take seven terminally ill children to Disney World in order to give them a dream vacation before they die.-- Stanley Elkin, a two-timer winner of the National Book Critics Award and three-time nominee for the National Book Award, is widely considered to be one of the most important writers of the contemporary period. Author of over a dozen novels and short story collections, his works include *The Franchiser*, *George Mills*, and *Mrs. Ted Bliss*-- First published by Dutton (1985), most recent paperback by Thunders Mouth (1991).
