

Eradicate (Alien Cadets) (Volume 3)

Alien mastermind Faal is on the brink of achieving a life-long goal: the eradication of an entire species. Basher, former policeman and current alien-hunter, is thankful Faal didn't target humanity. But the Rik aliens he is destroying have been taking human bodies for years, and the lines have grown blurry. As the genocide slowly gains steam, it's no longer safe for Basher to walk his beat without security. It's no longer safe for Claire to watch the news feeds, dominated by executions. It's no longer safe for humanity to remain neutral. And it's definitely a horrible idea to infiltrate Faal's estate to save their friend Akemi... but that's the plan. Don't miss the conclusion to the Alien Cadet series, a sweeping space opera of political intrigue, badly-timed romance, and personal sacrifice.
