

# Rain, Rain, Rain Forest Book and Audiocassette Tape Set (Paperback Book and Audio Cassette Tape)

This eye-catching picture book transports readers to a tropical rain forest. Smoothly incorporating a great deal of information, the text follows creatures such as a sloth, capuchin monkeys, and a poison-dart frog as they move through their habitat. Guiberson conveys the relationships among different animals by describing their activities at various times of day. Small dramas such as a squabble over nest space reveal the continual change and movement in this environment. Effective use of onomatopoeia further enhances the narrative with forest sounds. Jenkins uses his signature collage style to bring this realm alive for viewers. Although his humans seem a bit stiff, they are minor figures in the overall portrayal of the lush, green world. Even collections with several volumes about rain forests will want this introduction.

Notes on a screenplay for F. Scott Fitzgeralds Tender is the night Malcolm Lowry , , Hit List (Anita Blake-Vampire Hunter) (UNABRIDGED Audio CD) by Laurell K.
