

In this fast and furious fourth installment of the hot new series, The Jake Stone Thrillers, Jake for a change must come to the rescue of his lovely and ferocious friend, Snowflake, instead of the other way around. Is Jake up to the task, or will Snowflakes powerful enemies overwhelm him? Jake turns introspective, Snowflake gets really mad, and when one of their old rivals unexpectedly shows up, all hell breaks loose. I loved this book for many reasons, but especially because Snowflake finally shows us her softer side. But dont worry. Her hard side is still on display and in your face. Theodora K. Root, a prosecutor and author of the acclaimed novel, The First Marie and the Queen of Scots If youre looking to enjoy a few hours of unadulterated fun, youre not afraid of strong beautiful women, youre willing to pay 99 cents, and you dont take yourself too seriously, give Jake Stone a try.
