

The Cassandra Project

Two science fiction masters Jack McDevitt and Mike Resnick team up to deliver a classic thriller in which one man uncovers the hidden history of the United States space program. Houston, we have a problem. Formerly a cynical, ambitious PR man, Jerry Culpepper finally found a client he could believe in when he was hired as NASA's public affairs director. Proud of the Agency's history and sure of its destiny, he was thrilled to be a part of its future. But public disinterest and budget cuts changed that future. Now, a half century after the first Moon landing, Jerry feels like the only one with stars in his eyes. Then a fifty-year-old secret about the Apollo XI mission is revealed, and he finds himself embroiled in the biggest controversy of the twenty-first century, one that will test his ability and his willingness to spin the truth about a conspiracy of reality-altering proportions...
